I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: I feel very strongly about this issue. I use an out of state pharmacy every month to ~~for~~ compound my prescription for medication which costs twice as much at the few pharmacies willing to compound medicines here in New York. I have a right to buy my medicine where it is best & most cost effective for me. I cannot afford otherwise.
